DECLARATION OF APPLICANT

I, the undersigned applicant in the above-identified application, declare as follows:

The substitute specification filed on February 03, 2005 incorporates the objections made in the Office Action of November 04, 2004 for the above-identified application. The substitute specification is voluntarily filed and corrected obvious errors, typographic errors and informalities, which were made in the original specification. In accordance with the requirement of 37CFR § 1.125(b) applicants declare that No New Matter is contained in the substitute specification.

I have been advised and am aware that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code and that such willful false statement may jeopardize the validity of the application or any patent resulting there from.
